

CommunityHub

powered by Urbanise

A world-class online platform for
committees and property owners

PICA
PROPERTY & FINANCIAL SERVICES

Your journey starts here

For a long time, technology in the strata management industry has not kept pace with property owner demand. Market changes have resulted in strata managers needing to spend more time on administration tasks, instead of being focused on customer service. Finally, that's about to change.

PICA Group, Australia's leading strata management company, has entered into partnership with Urbanise.com Limited (Urbanise) to deliver an all new innovative technology solution taking your experience of living in a strata property into the future.

The delivery is available through a self-service platform called CommunityHub. The features have been designed based on best global practices, and includes a new look and feel with lots more benefits.

While there are similar solutions out in market, the breadth and depth of the platform is built to accommodate customer needs across a variety of property types and legislative requirements.

We introduce to you, a superior upgrade to CommunityHub.

From us, to you

PICA Group is setting a new industry standard by providing committees and owners with faster and easier access to property information.

Powered by PICA Group

ESTATE MANAGERS

A service made just for you

Living in a property is more than just an investment, it's your home. That's why we not only focus on delivering superior strata management services, but are also passionate about enhancing community living – for all.

If you are an investor, committee member or property owner, living in strata property managed by one of our subsidiary businesses of PICA Group, then access to CommunityHub is available to you.

The delivery roll-out is scheduled for late 2018 through to 2019.

Simplifying the complexities of strata management

What makes CommunityHub unique is that it combines cloud-based technology and all the strata management services you're familiar within a central location.

You can keep fully informed with up-to-date information and community notices. Plus, you can enjoy 24/7 access to property services that you are most interested in.

Here's a summary of the advantages CommunityHub has to offer

- Provide residents an opportunity to be more active in your community

Overview

Perfectly positioned only twenty minutes from the centre of Sydney, provides residents with a location that offers everything at their door step.

Survey the waterfront, golf courses, parklands and walkways which make staying fit and healthy a pleasure, consider the state of the art health facilities such as Concord Hospital – Breakfast Point is the perfect stage for a more convenient and enjoyable lifestyle.

Only minutes from some of Sydney's most respected public and private schools, with public transport systems that are second to none, getting around is simple and efficient. Within 30 minutes of sailing from Cabarita Jetty, the Rivercat can transport you into the excitement and wonder of Sydney's business district, shopping centres and cultural highlights.

Local buses travel frequently to neighbouring suburbs, major universities, local train stations and the city centre. Breakfast Point is centrally located for easy access to major roadways, including the M4 for a swift connection to Sydney's West.

Your documents are categorised to easily search for what you need.

Enhance community living

Know your neighbours by staying informed with what is happening in your building

- Add and edit business and personal listings
- SMS alerts and messaging
- Optional extra: Digital noticeboard an lobby screen display

This enables you to:

- Create open and proactive communications
- Be responsive to emergency situations
- Display community notices and events

The screenshot shows a web application interface with a dark blue navigation bar at the top containing the following menu items: OVERVIEW, GALLERY, MAP, DIRECTORY, WHAT'S ON, STORE, MONITOR, and LOGIN. Below the navigation bar is a 'What's On' section with a grid of five community notices. Each notice includes a profile picture, the name of the user, a short text snippet, a date, and a category (e.g., Wall, Notice). The notices are: 1. Anne Flett... (27-03-2018, Wall), 2. Anne Flett (16-01-2018, Notice), 3. Anne Flett (09-10-2017, Notice), 4. Anne Flett.. (09-10-2017, Wall), and 5. Xavier McLean.. (05-10-2016, Wall). Below the grid is a blue footer area with a 'Strata news subscription' sign-up form, social media icons for Facebook, YouTube, and LinkedIn, and logos for 'Community' and 'PICA'. A 'powered by Uniprise' logo is also present.

Stay informed about what's happening in your community using event and notice alerts.

This screenshot shows the same web application interface, but with the 'Road Closure - this Saturday 20th January' notice expanded. The expanded view shows the notice's title, a close button (X), the user's profile picture and name (Anne Flett), the date (16-01-2018), and the category (Notice). The main content of the notice is addressed to 'Dear Residents' and provides details about a road closure for a triathlon event on Saturday morning from 6am to 11am. It also mentions that further details are in an attached flyer and that service requests can be lodged on the portal.

Expandable alert notices providing more information right at your fingertips.

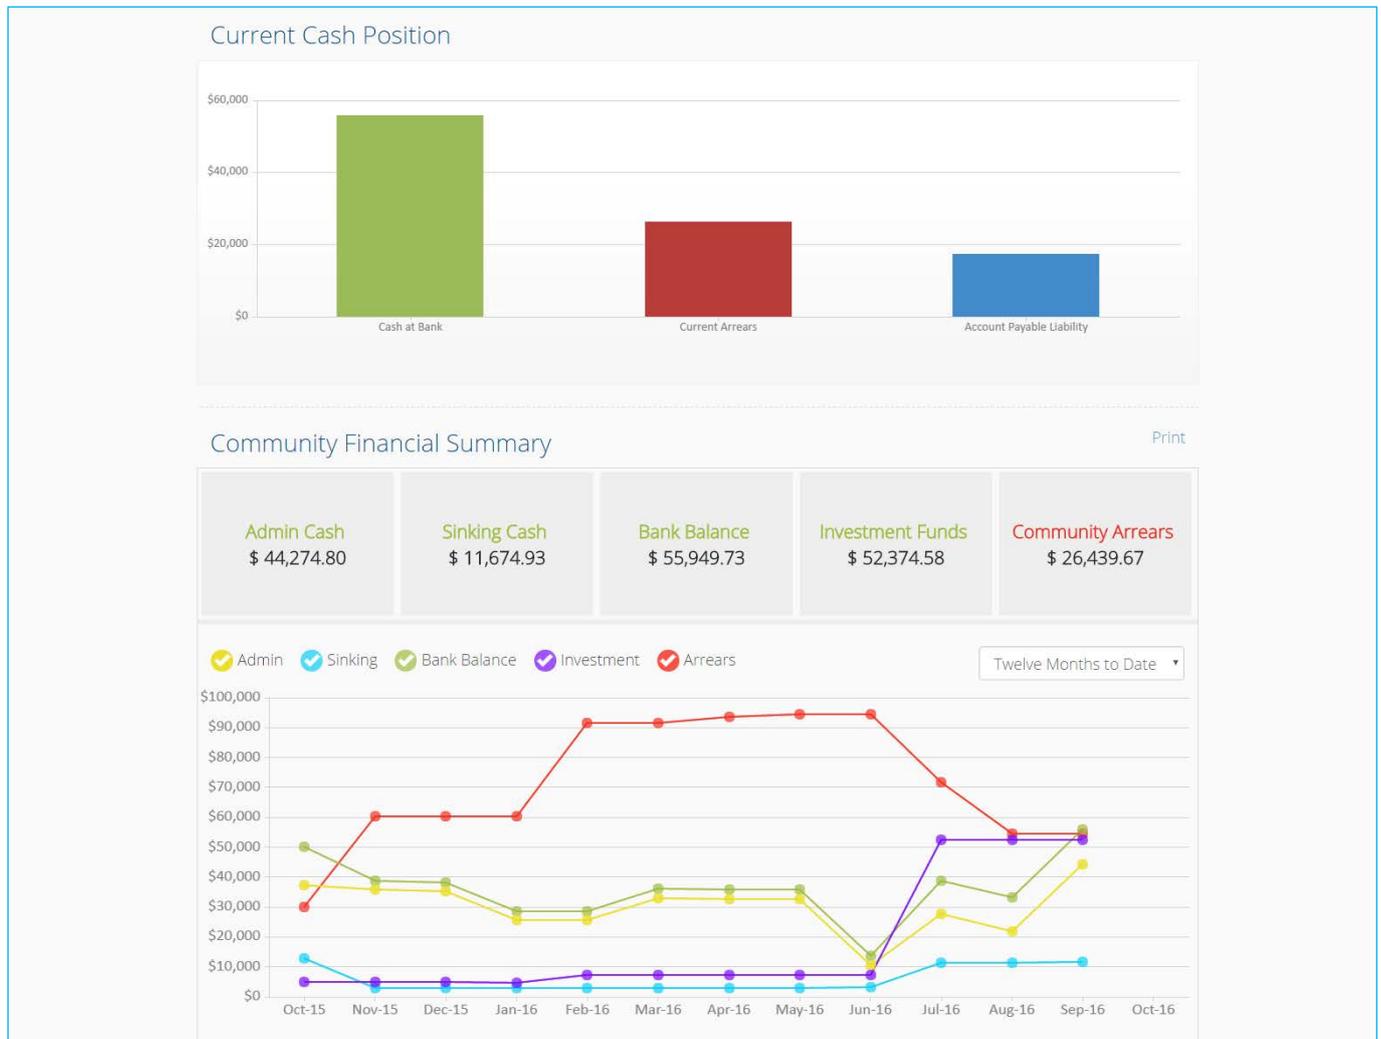

What you need, when you need it

Improved servicing with real-time property information

- Property owners can lodge maintenance or service requests directly via CommunityHub
- Customise service workflow processes and viewing rights
- Varied access levels
- Easy upload of documents
- Upload lot-specific information such as floor plans, point schedules and instruction manuals
- Access historic and current information

This enables you to:

- Better cost management
- Improved overall service efficiency

Easy-to-read reports so you can easily understand the financial health of your property.

Get all the benefits today

Our investment of \$26 million over the next 10 years in this technology is the largest investment ever made in the strata industry. We hope that as our customers, you will enjoy the benefit of this investment and that we will lift the industry standard in delivering more professional and superior management services.

What next for the strata industry? It doesn't stop here...

We anticipate changes will be seen in the area of sustainability and wellness – how to make buildings greener to enhance community living, while saving money through energy efficiencies.

We are looking at partnering with companies to provide solar systems, embedded networks off-the-grid, sharing of energy between buildings, lithium battery storage, smart metering and billing systems. So, look out for more great benefits to come!
